Parking Reminders

We're asking our families to please be mindful in our parking lot...

- Please do not park around the circle in the middle of the lot, as this makes it difficult for other cars to back out of their spots
- Please mind your speed! We have lots of little ones with their parents walking throughout the lot
- If you do not have a handicap parking emblem permitting you to park in handicap spots, please find a non-handicap parking space in which to park
- We have staff parking spots blocked off next to the building (including one for the EAGC owner, Daniil!) - please refrain from parking in these spots so our instructors can get to their classes on time

We appreciate your help in keeping our lot safe and comfortable for all!

Reminder to upstairs spectators

We ask that you please be respectful to your fellow parents by not standing upstairs (in front, by the railing) to spectate. This makes it difficult for those behind you to see from the bleachers.

Thank you!
